## **Apps-solute Beginners: Introduction to the iPad in Special Education**

Curious about iPads? Wondering what all the fuss is about? Then this training is for you. You will have a chance to get your hands on an iPad and learn the basics. Then you will see brief demos of some of the most popular apps being used in special education classrooms, followed by a hands-on lab. Due to the limited number of iPads available, class size is limited to 14 participants.

<b>Bisbee Unified District</b>	100 Old Douglas Rd., Bisbee, AZ 85603	October 25, 2011	1:00–3:30

<b>Tucson</b>	“TBD”	January 26, 2012	1:00–3:30

## **Text to Speech & Speech to Text**

Many students are learning to talk to their computers and those computers are talking back. This training provides an overview of some of the available commercial and open source (free) software that has been developed to support students with reading, writing, and organization skill building and to allow students to have greater access and control in the digital world.
